

# My John laing Voyage

My time here at John laing has been the best time ever.

Would I want to go I'll say never!

The activities were fun but the sailing was better. Mum and Dad aren't here so I'll write them a letter. Being safe at all times wearing life jackets. I'm in the chart room thinking of tactics. To sail this boat ~~home~~ safely back home.

We're nearly at the end of our voyage. But I still haven't tried some ghostly porridge.

The hoisting of the sails - oh what a job! The winching of the gibs - it makes my legs go flop!

Here we are back at the docks. It's time to say goodbye.

I've had the most amazing time! Thank you and goodbye!
