

## **WE'RE RAISING TO SAIL WITH OCEAN YOUTH TRUST SOUTH.**

Ocean Youth Trust South is charity that uses Adventure Under Sail as a personal development opportunity for young people aged 12-25, taking them to sea in our 72-foot yacht John Laing.

Throughout the sailing season, groups of young people from many different backgrounds, and with many different needs, step away from their daily lives and onto our boat – and that's the first step towards discovering something new.

From the practical skills needed to sail and navigate the boat, to personal qualities like co-operation, team work and self-belief, Adventure Under Sail gives young people the opportunity to discover how much they can do – and how much they can give to others.

**Our sea staff make every crew member a promise:  
“whatever effort and enthusiasm you put into the  
voyage, we will match and beat.”**

Whether the aim is to have the holiday of a lifetime, or to learn more about sailing and seamanship, or to experience the challenge of life at sea, *John Laing* has something to offer.
